

BOHÉM TRIO
(Kecskemét, Hungary)

„versatile, varied, and, of course, carefree aka bohém”

The members of the Bohém Trio have played at the greatest festivals of Europe and North America with the Bohém Ragtime Jazz Band founded in 1985. They founded the trio within the band upon receiving such request from the Scott Joplin Ragtime Festival (USA). Because of the versatility of the musicians the American début was exceptionally successful and has been followed by invitations to other festivals. The trio, besides concerts in Hungary, has played in Germany, Romania and England. Their repertoire, specially arranged for this formation, consists of all traditional jazz styles including classic Ragtime, New Orleans jazz, Dixieland and early Swing.

The members of the Trio has been awarded with the eMeRTon Prize in Hungary (2003) and the Prima prize in Hungarian musical art category (2010). Bandleader Tamás Ittzés won 1st prize at the Scott Joplin International Ragtime Composition Contest in the USA (2001). Two solo albums of Tamás were released in the USA by the Pianomania label (1994 and 1997).
